13. Failure to comply with any of the aforementioned clauses releases OLI from responsibilities pertaining to material damage and/or non-material damage which may result.

14. OLI recommends that the packaging materials of its products, after no longer being needed, should be recycled by the appropriate and socially responsible means and processes.

15. In the case of defects or non-conformity of OLI products, a written notification should be sent to the sales representative or OLI client manager within 60 days of becoming aware of the defect, as long as it was not previously visible, within reason.
